**Fitting Instructions**  
*- when hitched to a towing vehicle***Fig 1**

Insert key and rotate clockwise. This will unlock the hitchlock and will separate it into two parts.

**Fig 2**

With the caravan or trailer hitched to the vehicle, offer the 10mm pins on the lock-cheeks to the matching holes on the coupling. Ensure that the recesses in the cheeks cover the coupling fixing bolts, and both parts of the locking mechanism securely.

**Fig 3**

To finalise the locking procedure, twist the key anti-clockwise until it stops. Locking is complete when the key removes easily from the lock. Do not force the lock.

**Fitting Instructions***- when unhitched***Fig 4**

With the caravan or trailer unhitched from the car: Lift handle and insert plastic ball. (Spare ball available - SH54126B)

**Fig 5**

Push the handle of the hitch down to close the coupling and secure the steel ball. Now repeat steps shown in Fig 1, Fig 2 and Fig 3 in the Hitched Fitting Instructions to finish installation (as shown here).

**Warranty**

Please see warranty card for details. Full warranty terms can be viewed on our website [www.stronghold-security.com](http://www.stronghold-security.com)

**Replacement Keys**

The design of Stronghold keys means that genuine replacements are only available by special order through the place of purchase, for which you will require your key number. Please note, the use of unapproved copy keys will void your warranty.
