# MP9580 POP UP WINDBREAK 5 PANEL- USER GUIDE

## GENERAL SAFETY

- Not to be used in extreme weather conditions.

## CARE OF YOUR WINDBREAK

- Allow material to dry completely before storing in the storage bag provided.
- Remove dirt with a soft sponge and warm water. DO NOT use detergent.
- DO NOT expose to sparks, flames or other sources of ignition.

## CONTENTS

Windbreak x 1

Steel poles x 6

Steel pegs x 22

Guy Ropes x 11

Carry Bag x 1

## BEFORE USE

Choose a clear site that is flat. Remove any sharp objects from the pitching area which could be dangerous or potentially damage the fabric.

# MP9580 POP UP WINDBREAK 5 PANEL- USER GUIDE

## PITCHING INSTRUCTIONS

Remove the windbreak from the carry bag and place flat on the ground with the inside fibreglass frame facing upwards:

With the windbreak still on the ground; push the centre plastic hinge in the middle of the panel to create tension and pop out:

Repeat for all 5 panels:

## MP9580 POP UP WINDBREAK 5 PANEL- USER GUIDE

Pre-assemble the 6 steel poles. Push each pole through a sleeve and insert the metal spike into the top eyelet:

Pre-tie 1 long guy rope around the top spike on all 6 metal poles. Pre-tie a shorter guy rope around each metal ring on the outside of the centre hub.

With 2 people; stand the windbreak upright and manoeuvre into position.

Starting from one end; peg down each pegging loop at the base of each steel pole.

Use the 2 guy ropes to hold the panel in place ensuring the windbreak is vertical:

Repeat for all 5 panels.

It is recommended each peg is fully driven into the ground at an angle of 45 degrees away from the pegging point. Tension each guy rope using the guy adjusters:

## MP9580 POP UP WINDBREAK 5 PANEL- USER GUIDE

Adjust the windbreak to the desired position ensuring all poles remain vertical.
